# JOB DESCRIPTION & PERSON SPECIFICATION

Job title: Staff Nurse

## GOSH profile

Great Ormond Street Hospital for Children NHS Foundation Trust (GOSH) is an international centre of excellence in child healthcare. GOSH is an acute specialist paediatric hospital with a mission to provide world-class care to children and young people with rare, complex and difficult-to-treat conditions.

Together with our research partner, the UCL Great Ormond Street Institute of Child Health, we form the UK's only academic Biomedical Research Centre specialising in paediatrics. Since its formation in 1852, the hospital has been dedicated to children's healthcare and to finding new and better ways to treat childhood illnesses.

Great Ormond Street Hospital receives nearly 300,000 patient visits (inpatient admissions or outpatient appointments) every year (figures from 2018/19). Most of the children we care for are referred from other hospitals throughout the UK and overseas. There are 60 nationally recognised clinical specialities at GOSH; the UK's widest range of specialist health services for children on one site. More than half of our patients come from outside London and GOSH is the largest paediatric centre in the UK for services including paediatric intensive care and cardiac surgery.

Through carrying out research with the UCL Great Ormond Street Institute of Child Health, University of London and international partners, GOSH has developed a number of new clinical treatments and techniques that are used around the world.

The UK's only academic Biomedical Research Centre (BRC) specialising in paediatrics is a collaboration between GOSH and UCL Great Ormond Street Institute of Child Health. We are a member of University College London (UCL) Partners, joining UCL with a number of other hospitals – an alliance for world-class research benefitting patients.

In partnership with six other NHS trusts, we are the lead provider for North Thames Genomics Medicine Centre, part of the national 100,000 Genomes Project.

# Great Ormond Street Hospital at a glance

GOSH provides over 60 different specialist and sub-specialist paediatric health services. This was the widest range on any single site in the UK.

GOSH had more than 60 YPF members, who were involved in 89 activities.

GOSH employed an average of 5,357 full time equivalent staff in 2022/23.

By the end of 2022/23 GOSH had stopped purchasing Desflurane anaesthetic medical gas, contributing to lower emissions.

GOSH had 50 YPAG members, who gave feedback and had input into 45 research projects.

2022  
/23

GOSH had 2,217 participants in 933 active research studies.

The GOSH Learning Academy offered over 17,000 additional learning opportunities, more than 10 times the target.

98% of inpatients and 95% of outpatients would recommend GOSH.

GOSH had 44,994 inpatient and day cases. And 238,719 outpatient attendances.

Volunteers contributed 10,260 hours, equating to approximately £123,000 of donated time.

## Great Ormond Street Hospital Culture and Values

The Trust has developed the Always Values with our staff, patients and families that characterise all that we do and our behaviours with our patients and families and each other.

Our Always Values are that we are:

## Diversity & Inclusion

Here at GOSH, we believe that improving lives for our patients begins with improving how we learn, work and grow as colleagues. So, we're changing. We know that we need to develop a more inclusive culture where everyone feels seen and heard. By growing an ever more diverse workforce, we'll have a greater range of perspectives and knowledge in our GOSH community, meaning that we can provide the children and young people at our hospital with even better care. At GOSH we have opportunities for our staff to engage with colleagues through the following networks: REACH (Race, Ethnicity and Cultural Heritage) ENABLED (Enhancing Abilities & Leveraging Disabilities Network), PRIDE & Women's networks.

**NHS**

**Great Ormond Street  
Hospital for Children**  
NHS Foundation Trust

### Main purpose of the job

- To work as a skilled member of the nursing team, to provide a high standard of holistic family centered care to the children, young people and families.
- Ability to promote family centered care and establish good relationships with children, young people and their families.
- To communicate effectively at all levels within the multi-disciplinary team.
- To be able to take charge of the ward in the absence of senior nursing staff following achievement of required competence.
- To be familiar with and adopt the principles of the NHS Chief Nursing Officers vision for Compassion in Practice (NHS Commissioning Board Dec 2012).

### Key working relationships

**Internal:** Nurses, doctors, student nurses, nursing apprentices, nursing associates, administrative team, physiotherapists, pharmacists, social workers, occupational therapists, healthcare assistants, play specialists, psychologists, psychotherapists, IT staff, chaplains dieticians and housekeeping staff and other staff groups within the multidisciplinary teams at GOSH

**External:** Families, GPs, other hospitals, local health authorities, social services, community services, schools

### Main duties and responsibilities:

#### Clinical:

- To provide the highest standard of nursing care for the children, young people and their families at all times.
  - To plan, assess, implement and evaluate programmes of care for individual children and to supervise other staff in this activity.
  - To ensure an ongoing welcoming, caring and safe environment is provided for the children, young people and their families.
  - To act as an advocate for the child, young person and family, providing them with information and support and directing them to the relevant support services where appropriate.
  - To communicate complex and sensitive information effectively to patients, carers and other staff, overcoming any barriers to understanding and providing support during distressing or emotional events.
  - To start planning discharges from admission, liaising with the multidisciplinary team, other departments and community services as necessary.
  - To develop and maintain clinical skills and knowledge necessary to provide holistic, evidence-based nursing care. This includes completion of the Trusts clinical skills competencies and expanded role responsibilities, following appropriate training.
  - To be competent in the administration of medication including under patient group directives
  - To ensure clinical practice is evidence based or peer reviewed best practice.
  - Assist with ongoing education and training of the child, young person and their families
-

- To be competent in the use of all relevant Trust IT systems ensuring that data is entered in an accurate and timely fashion, in accordance with Trust policy and procedure.

**Managerial:**

- To supervise and support members of the ward team as required, ensuring that all patients receive appropriate care.
- To ensure that treatments prescribed by the medical staff are carried out, and that multidisciplinary team members are informed of changes in the patient's condition.
- To ensure quality care is given, by being familiar with agreed ward and Trust standards of care and to inform senior nursing staff, if the required standard cannot be reached.
- To ensure compliance with the Health and Social Care Act regulations 2010 by adhering to the Care Quality Commission standards at all times.
- To manage allocated resources effectively and efficiently. This includes maintaining the correct skill mix of staff for patient dependency, bed management, utilisation of time and equipment, in the absence of senior staff.
- To assist in ensuring the safety of the ward, actively participating in clinical audit, clinical risk and quality initiatives, including the managing and reporting of incidents and complaints.

**Educational:**

- To actively assist in the education and practical training of learners and junior staff at every opportunity. To work in co-operation with their university in order to provide uniformity and promotion of professional standards.
- To participate in informal and formal teaching.
- To supervise and orientate learners and new staff.
- To be a resourceful, welcoming and helpful for students and junior colleagues.
- Developing and promoting good practice in developing research-based protocols.
- To participate in surveys, audit, research and facilitating clinical trials as required.

**Professional:**

- To maintain confidentiality surrounding the child's or young person's admission and treatment at all times.
  - To ensure that all patient care is documented, and that all relevant documentation is completed accurately and within agreed timescales using Trust approved documentation, in line with NMC, CQC and Trust standards.
  - To have knowledge of and adhere to ward and Trust policy and professional standards. To ensure that colleagues do likewise.
  - To demonstrate a professional approach to work, and act in accordance with the GOSH Always Values and the NMC Code of Professional Conduct at all times.
  - To participate in staff appraisal, staff development and in-service training.
  - To meet requirements for NMC revalidation. To identify own learning needs and ensure own professional development is maintained by keeping up to date with practice developments.
  - To undertake further training and academic qualifications as relevant to the role and service requirements.
-

*This job description is intended as an outline of the areas of activity and can be amended in the light of the changing needs of the service and will be reviewed as necessary in conjunction with the post-holder.*

## **Safeguarding**

All Trust staff have a responsibility for safeguarding children, young people and vulnerable adults which includes;

- an understanding of relevant Trust Policies
- ensuring that any safeguarding and child protection or vulnerable adults' concerns are both recognised and acted on appropriately
- attendance at mandatory safeguarding children & adults training and updates at the competency level appropriate to their role and in accordance with the Trust's safeguarding training guidance.

## **Confidentiality**

On appointment you may be given access to confidential information which must only be disclosed to parties entitled to receive it. Information obtained during the course of employment should not be used for any purpose other than that intended. Unauthorised disclosure of information is a disciplinary offence.

## **Risk Management**

You will be required to ensure that you implement systems and procedures at a local level to fulfil the requirements of the organisation's Risk Management Strategy including local management and resolution of complaints and concerns, management of SUIs/incidents and near misses. Your specific responsibility for risk management will be clarified to you by your manager at your local induction.

## **Emergency Planning**

In accordance with the organisation's responsibilities under the Civil Contingencies Act 2004, you may be required to undertake alternative duties as is reasonable directed at alternative locations in the event of and for the duration of a significant internal incident, major incident or flu pandemic.

## **Human Rights**

You are required to comply with the regulations of the Human Rights Act 1998 during the course of your employment.

## **Sustainable Development**

You will be required to demonstrate a personal commitment to the Trust's Sustainable Development Plan and to take personal responsibility for carrying-out your work duties in a way which is compliant with this Plan.

---

## Other information

Great Ormond Street Hospital for Children NHS Foundation Trust is a dynamic organisation, therefore changes in the core duties and responsibilities of this role may be required from time to time. These guidelines do not constitute a term or condition of employment.

## The GOSH Learning Academy (GLA)

Staff education and training influences every stage of the patient journey. Be it the communication skills of the medical secretary planning a patients' stay, the multi-professional team caring for them on the ward, the leadership skills of our corporate and operational teams, or the administrator planning their transport home – each member of staff needs the up-to-date knowledge, skills, and capabilities to provide our patients with exceptional care. We have a number of opportunities for staff available through the [GOSH Learning Academy](#)
